### A leak of the real plan of the Globalist Elite? The Toronto Protocol

[link to [15419450.weebly.talkiforum.com](http://15419450.weebly.talkiforum.com)]  
Is this a leak which unlocks the real plan of the Global Elite? Read and decide for yourself!  
This is a translation from the French of a document compiled by a clique of senior financiers who met in Canada in 1967 and then in 1985. Its a pretty explosive paper which documents a far reaching conspiracy to set up a global government by means of corrupting the people and finances of nation states, and much else besides. I think its extremely interesting but there is no doubt that most people will shake their heads in wonder that a group like this could really exist.

It comes to us via an investigative journalist in Canada called Serge Monast (1945-1996), who died a year after releasing this document from a heart attack suffered in suspicious circumstances only a day after he was released from jail. He was quite a well known and respected figure whom you can see give a lecture in French in the image opposite and on video here: [link to [www.youtube.com](http://www.youtube.com)].

We are told that he had various sources from which he got his information:

"It is true that it was informed by repented politicians, and disgusted Secret Service agents. He also received classified, ultra confidential, documents, often anonymously or transmitted by fellow-members [of] located at the four corners of the world."

It has also been said that this particular document originated from French intelligence. (Monast was from French speaking Canada.)

It would be like asking if "The Brave New World" is also a myth or reality even if it is a novel. For its author also had access to "Documents" of the period to create it. Its author knew that the disclosure, the dissemination of information that he possessed, in a different form than the novel, would have awakened in people a lot more distrust than acceptance. And how many other authors had used the same ploy to warn their contemporaries and future generations?</p> <p>So, the "PROTOCOL OF TORONTO (6.6.6.)", myth or reality?</p>

Agreed, it comes off as only a mission statement/outline. Seems to be more of a plan than propaganda.

If it indeed was written up in 1967 and 1985 then WOW.
